Arts & Culture and Civic Literacy

A comprehensive music program for students enrolled in grades 9-12. It is an extension the curriculum over a cross generational platform for students and community members alike. This project incorporates 21st Century skills as students will develop life skills as student members interact with various members of the community, promote their musical education and serve as ambassadors for Franklin High School.

- Cross generational
- Connects different groups
- Cross functional partnerships
- Collaborative
- Strategic us of SMS and media tools
- Creates codependences within an ensemble setting
