

21st Century Instructional Initiative Grant Recipients 2016-2017

First LEGO League

Hawthorne
Elementary School

Dawn Pinamonti, Principal
Allison Albergo & Kimberly Myers
Grant Team

STEM Focus

The program provided students with a high-quality educational experience and learner centered environment. Students learned how to program a robot and how to keep their work organized when programming. Many of the lessons were student driven. Students explored, tested, and improved the programs they were writing with minimal help from adults.

- Critical Thinking
- Problem Solving
- Collaborative Creation
- Perseverance
