Let Us Grow Salad Box Project

Kenwood High School

Brian Powell, Principal
Randy Tolj, Grant Liaison

Environmental Awareness, Life & Career Skills

*Carpentry students from Kenwood High School created salad box kits to be assembled by students with special needs at **Ridge Ruxton School**. This project promoted math skills, writing and science knowledge. 273 Salad boxes were constructed and prepared for transport to BCPS third grade classrooms. 28 of those boxes were constructed by Ridge Ruxton students. This project was also supported by the **Office of Science and the Office of Career & Technology Education**.*

- Collaboration
- Community Awareness
- Learning through teaching
- Craft and composition
- Draft and design work
