

21st Century Instructional Initiative Grant Recipients 2016-2017

Project Lead the Way Stimulus

Dundalk High School

Kristin Anelli, Principal
Jeffrey Blizzard, Grant Liaison

STEM Focus

The impact on the core subjects were tremendous. Especially for the Principles of Engineering class. The grant allowed this class to purchase an entire VEX Robotics Kit. Engineering and Design was able to have 30+ students 3D print their digital creations.

- Digital electronics
- Programming Arduino boards
- Problem solving through STEM based curriculum
