

# 21st Century Instructional Initiative Grant Recipients 2016-2017

## The Salad Box Project

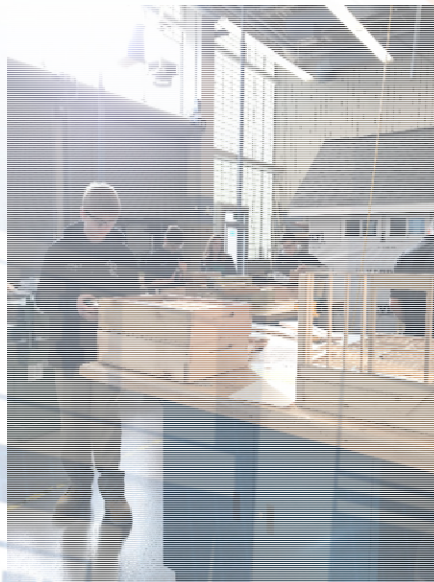

**Sollers Point/Southeastern  
Technical High School**

**Michael Weglein, Principal  
Bill Lynch, Grant Liaison Team**

### STEM Focus, Environmental Literacy

*Carpentry students from Sollers Point High School created salad box kits to be assembled by students with special needs at **Battle Monument School**. This project promoted math skills, writing and science knowledge. 190 Salad box kits were created, including approximately 20 completed boxes, and prepared for transport to Battle Monument School. Once the boxes were assembled they were prepared for delivery to BCPS third grade classrooms. This project was also supported by the **Office of Science and the Office of Career & Technology Education**.*

- Collaboration
- Community Awareness
- Learning through teaching
- Craft and composition
- Draft and design work
