

21st Century Instructional Initiative Grant Recipients 2016-2017

STEM Career Club

Woodbridge Elementary School

Lori Phelps, Principal
Emily Csapo, Grant Liaison

STEM Focus

Grant money went to STEM leveled library books. Students were able to self-select a text of their choosing, helping to emphasize reading and literacy skills. The books topics' ranged from mathematics to engineering, history and paleontology, and medicine and technology. Students used self-regulation comprehension monitoring to identify main idea and key details in preparation for our STEM lunch bunch discussions.

- Career preparation
- Identified skills
- Detailed presentations made to parents & community
- Focus to raise Fountas & Pinnell levels

Fountas & Pinnell
