Financial, Economic, Business and  
Entrepreneurial Literacy

*The members of the YMOH engaged in opportunities to build leadership skills through hands-on challenges and creative problem-solving scenarios presented to them at the Genesse Valley Leadership Retreat. During this experience, the students learned many life skills necessary for both individual and team success. In addition, representatives from Wells Fargo (Thurmond Toland) engaged our students in an on-line and hands-on program that exposed students to the basics of money management.*

- Collaboration & Communication
- Problem Solving
- Money Management
