

Excellence in Education Grant Recipient 2018-2019

21st Century Excellence
in Education Grant
Edmondson Heights Elem.
Juliet McDivitt
Marisa Rardon
STEM Focused
Makerspace and Robotics

The grant allowed our school to create a makerspace for the students to perform STEM related tasks such as robotics and engineering.

- Students used the Engineering Design Process to solve problems.
- Students were able to code with Ozobots.
- Students worked on P21 skills in collaborative teams.
