

21st Century Instructional Initiative Grant Recipients 2018-2019

Sensory Room

Owings Mills Elementary
Chet Scott, Principal
Rebecca Eig, Grant Liaison

Environmental and Health Literacy

All students in every grade were significantly impacted by the implementation of this sensory room. This room allowed students to have a safe space to calm down and reenter their classroom in order for them to be in charge of their learning. The teachers and staff learned how to help students recognize when they needed a break in this room in order to handle and understand their emotions in different environments.

- School safety
- Supports academic & social/emotional growth
 - Addressed Conflict Resolution
 - Connected with Conscious Discipline
- Evaluated behavior as a form of communication and offered resolutions
