

# 21st Century Instructional Initiative Grant Recipients 2019-2020

## Making Real World Math Connections Through Literature

Woodholme Elementary  
Juliet McDivitt  
Marisa Rardon  
STEM Education

*Students were impacted through this grant by having an increase of math themed books in their classroom. Students also received additional hands on math instruction to develop a strong number sense.*

- Increased cross curricular projects
- More hands on math learning
- Real world math connections
- Higher student engagement
